

18 August 1959

Dear Frances:

I have been informed by the Governor's wife about your interest in having us invite Ramiro Priale to Puerto Rico. I should like to know his personal address to send him an invitation, so that he may spend a week with us here.

I trust everything is going well with you. I should like to know your views on the recent Cuban situation.

Best personal regards from,

ARTURO MORALES CARRION
Under Secretary of State
