

PANEL DISCUSSIONS

"HOW EXCHANGE PROGRAMS HELP NATIONS ACHIEVE THEIR EDUCATIONAL GOALS"

SUGGESTED QUESTIONS FOR DISCUSSION

1. What are the educational goals of nations in the area?
2. To what extent can these goals be achieved through present national or regional resources?
3. To what extent can assistance by other nations be helpful to the achievement of national and regional educational goals?
4. What kinds of international assistance programs are preferred?
5. What are some of the problems which may arise in connection with international assistance to local and national educational development? Are multi-lateral programs preferable to bi-national programs?

Exchange-of-Persons Programs

6. How can exchange-of-persons programs contribute most effectively to the achievement of national and regional educational goals?

What types of exchanges are needed?
At what level?
In what professional or academic fields?
7. What problems have to date characterized exchanges between nations in this region and nations in other areas?
8. What are some possible solutions to these problems?
9. To what extent and in what directions should present exchange programs be expanded?
