

May I end on a personal note.  
Leon Skull was quoted this week in P. R.  
to the effect that he hoped P. Ricans belonging  
to ADA chapters would behave "fraternally"  
towards each other. I want to assure him  
that as far as I am concerned, I bear  
no ill-will towards any Puerto Rican.  
The more they support Kennedy and ADA, the  
better.

I beg, however, to be excused if  
I ~~watch with amusement~~ <sup>am bemused to see</sup> how prom persons  
who were prominent in a strongly pro-Nixon  
party when Nixon was in power, suddenly  
became strongly pro-Carter, when Carter  
became President, and are now conducting  
warming-up exercises for a somersault  
into the Kennedy camp. I remain,  
therefore, as <sup>a highly</sup> amused, though  
fraternally inclined observer.

Original.

Después de las puestas, ofreceré

Mi interés principal en estos

apoyo a la selección el próximo  
domingo del Senador Ted  
Kennedy, amigo invariable

puertorriqueños.
