## Charges for Additional Local Calls

Calls within New York City are counted as one or more local calls, depending on distance from your own telephone and length of conversation. Your charge for local service includes the number of local calls shown on the first line of this bill. Calls in addition to this number are charged for as follows:

First 225 additional local calls on Business Service	} 5¢ each
First 234 additional local calls on Individual Residence Service	
First 243 additional local calls on Party Line Service	
Next 300 additional local calls.....	4½¢ each
Next 300 additional local calls.....	4¢ each
Other additional local calls.....	3¾¢ each

### To determine U. S. or N. Y. City taxes included in charges for Local Service or Additional Local Calls

1. Divide amount shown on bill by 1.17. This gives the Telephone Company charge within 1¢ excluding both taxes.
2. Take 15% of the Telephone Company charge. This is the U. S. tax.
3. Take 2% of the Telephone Company charge. This is the N. Y. City Sales Tax within 1¢.
