Dr. William Albrecht
Chairman, Department of English
University of Kansas
Lawrence, Kansas

Dear Bill:

Some colleagues of mine in Puerto Rico are at this moment very much interested in the ideal organization of the North American State University, with particular reference to faculty participation in formulation of university policy, function of faculty committees, the operation of the administrative hierarchy, and the extent to which students may participate in administrative decisions. If you feel that the University of Kansas has an administrative structure worthy of representation, I would very much appreciate your securing descriptive material of it and sending it by air mail to:

Dr. José A. Balseiro
c/o Department of State
Box 3271
San Juan, Puerto Rico

Warmest personal regards to yourself and Jane from,

MARSHALL R. NASON
