Dr. Stowell Goding
Chairman, Department of Romance Languages
State University of Massachusetts
Amherst, Massachusetts

Dear Stowell:

Some colleagues of mine in Puerto Rico are at this moment very much interested in the ideal organization of the North American State University, with particular reference to faculty participation in formulation of university policy, function of faculty committees, the operation of the administrative hierarchy, and the extent to which students may participate in administrative decisions. If you feel that the University of Massachusetts has an administrative structure worthy of representation, I would very much appreciate your securing descriptive material of it and sending it by air mail to:

Dr. José A. Balseiro
c/o Commonwealth Department of State
Box 3271
San Juan, Puerto Rico

Warmest personal regards from,

MARSHALL R. NASON
